

## WORDS OF PRAISE WELL MERITED BY A WELL KNOWN ARTICLE.

So much has been written by the standard medical authorities, of all the several schools of practice, in praise of the native, or American, medicinal plants which enter into the composition of Dr. Pierce's Golden Medical Discovery, that in attempting to quote from the various works on *Materia Medica* one hardly knows where to commence, since they are so voluminous that only the briefest and most important reference can be presented in a short article like this.

Briefly then let us say that the "Golden Medical Discovery" was named from the sturdy little plant Golden Seal, the root of which enters largely into its composition. Besides this most valuable ingredient, it contains glyceric extracts of Stone root, Queen's root, Black Cherrybark, Blood-root and Mandrake root.

Finley Ellingwood, M. D., an eminent practitioner of Chicago and Professor of *Materia Medica* in the Bennett Medical College of that city, in his recently published work on Therapeutics, says of Golden Seal root: "It is the most natural of stimulants to the normal functions of digestion. Its influence upon the mucous surfaces renders it most important in catarrhal gastritis (inflammation of stomach) and gastric (stomach) ulceration."

Many other authorities as well as Dr. Ellingwood extol the Hydrastis (Golden Seal), as a remedy for catarrhal diseases of the nasal passages, stomach, bronchia, gall ducts, kidneys, intestines and bladder. Among these, we may mention Prof. John King, M. D., author of the American Dispensatory; Prof. J. M. Scudder, M. D., in his "Specific Medication"; Dr. Hale of the Hahnemann Med. College of Chicago; Grover Coe, M. D., of New York, in his "Organic Medicines," Dr. Bartholow of Jefferson Med. College and scores of other leading medical writers and teachers.

All the foregoing eminent authorities extol the curative virtues of Golden Seal in cases of stomach, liver and intestinal weakness, torpor and ulceration of bowels. Dr. Ellingwood recommends it most highly, "In those cases of atonic dyspepsia when the entire apparatus, including the liver, is stagnant and inoperative." He also extols it most highly in the many weaknesses and derangements peculiar to women and says, "It is a most important remedy in many disorders of the womb." Golden Seal root (Hydrastis), is an important ingredient of Dr. Pierce's Favorite Prescription for weak, nervous, "rundown" women.

But to return to the "Golden Medical Discovery" it may be said that its curative properties are not wholly dependent upon Golden Seal, valuable as it is, as other equally potent ingredients add greatly to its value and in fact are not less important than the Hydrastis, or Golden Seal.

In all bronchial, throat, lung and kindred ailments, Stone root, Black Cherrybark, Queen's root and Blood-root, each plays as important a part in effecting the phenomenal cures of "Golden Medical Discovery" as does Golden Seal. All these ingredients have the endorsement of prominent practitioners of all schools of medicine for the cure of diseases of the bronchia, throat and lungs.

Of Queen's root, Prof. King says: "An alterative (blood purifier) unsurpassed by few if any other of the known alteratives. Most successful in skin and scrofulous affections; beneficial in bronchial affections; permanently cures bronchitis; relieves irritations; an important cough remedy; cures of years' standing being cured; aids in blood-making and nutrition and may be taken with out harm for long periods."

Queen's root, Golden Seal root, Stone root, Black Cherrybark and Bloodroot, all articles extolled by leading practitioners of all the schools, as the very best of cough medicines, are made especially valuable when combined with chemically pure glycerine which greatly enhances the curative action of all these ingredients in all bronchial, throat and lung affections, severe coughs and kindred ailments.

Who can doubt the efficacy of such a compound, when scientifically made up, as in Dr. Pierce's Golden Medical Discovery? Who can doubt that it is a most effective remedy for the several diseases for which its ingredients are so highly recommended by the foremost writers on *Materia Medica*?

It is in the cure of the more chronic or lingering, persistent, and obstinate cases of bronchial, laryngeal and lung affections, attended by hoarseness and severe cough, which if neglected or badly treated would generally have run into consumption, that "Golden Medical Discovery" has won the highest praise from all who have observed its marvelous control over these and kindred affections. It is no cheap compound made-up of trashy ingredients for free distribution, that curious people may experiment upon themselves as with the many fake nostrums so commonly sent out as "trial bottles." It has a forty year record, embracing many thousands of cures behind it, is sold at a reasonable price and may be found in all drug and medicine stores in this and many foreign countries.

It will be seen from the above brief extracts how well "Golden Medical Discovery" is adapted for the cure of all blood diseases, as, scrofulous and skin affections, eruptions, blotches, pimples and kindred ailments; also that it is equally good in all Catarrhal affections no matter where seated, and for all cases of indigestion, or dyspepsia, torpid liver, or biliousness and as a tonic and invigorator in all manner of weaknesses, and in nervous debility and prostration the above extracts amply show.

Much further information as to the properties and uses of "Golden Medical Discovery" and Dr. Pierce's Favorite Prescription for weak women, will be found in a little booklet of extracts from standard medical books which will be mailed free to any address on request, by letter or postal card, sent to Dr. R. V. Pierce, Buffalo, N. Y.

All the several ingredients of Dr. Pierce's medicines will be found, from the reading of this little booklet, to have the strongest possible professional endorsements and recommendations for the cure of all the diseases for which these medicines are recommended. No other medicines for like purposes have any such endorsement. They are non-alcoholic, non-secret, safe and reliable.

## FOR INSPECTION OF ALL MEAT SOLD

Local Butchers' Association  
To Work.

Claim That Hucksters From Country  
Sell Meat That Never Has Been  
Examined.

ABATTOIR SCHEME GROWING

Local licensed butchers intend to bring the hucksters within the provisions governing their own operations, and they will endeavor to secure the enactment of an ordinance providing for the inspection of all meats sold in Paducah both before and after slaughtering.

"We want an ordinance passed that will provide for real inspection of all meat sold in Paducah, no matter where it is slaughtered," said Charles Smith, president of the Butchers' association, today. "As it is," he continued, "a farmer can slaughter animals and bring the meat to the city and sell it without any inspection having been made of it. Meat should be inspected not only after it is slaughtered but before. The regular butchers' slaughter houses can be inspected but the public needs protection from the occasional slaughterer."

The impetus toward cleaner slaughtering methods given all over the country by the Chicago revelations is felt here in the renewed efforts of those butchers who have always favored rigid inspection. In most cases the effect on meat consumption here by the Chicago revelations has been imperceptible, though some of the packing houses have noticed a slight falling off in the demand for prepared goods. The proposal that the butchers of the city organize an abattoir or central slaughtering house will be considered again at the meeting of their association the first Wednesday in July.

### The Retiring Mr. Hearst.

William Randolph Hearst, the ten-million-dollar beauty of the lower house, is one of the most eloquently quiet men in the country. He is essentially shy and reserved, keeping himself oratorically in the background among his more garrulous colleagues and rarely opening his lips in congress, even when he is there. He does his talking on the Mergenthaler linotype. Mrs. Hearst is a beauty, young and peach-like, with melting brown eyes and the most soul-stirring of millinery. The notable young couple during their spasmodic descents upon Washington mingle scarcely at all amidst the social whirl. They make their headquarters at the New Willard.—Courier-Journal Washington Letter.

## MANY APPLICANTS FOR FIRE ENGINE

New Equipment Will be Ready  
in a Few Days.

Position of Engineer in Department  
Will Be Created at Next Meeting  
of Board.

SALARY OF REGULAR FIREMAN

One more reading of the ordinance creating the office of "engineer" is required before the office will be legal, and this will be done probably before the addition to No. 2 station is completed and ready for the installation of the fire engine.

The building has been practically finished, but some retouching remains to be completed. It is estimated that it will be finished and ready for service in ten days. This morning the harness made by the Rehkopf company was delivered to Chief Wood at No. 1 station and the engine is ready for installation. All remaining is the final passage of the ordinance, creating the position of engineer and the installation of the engine.

There will be many applicants for the position. Among those who have announced are Joe St. John, William Broadfoot, Emory Voight, Lee Story and Harry Mix. All are well known marine engineers who are licensed and competent to hold the position. The salary of the engineer was fixed by the council at \$90, the same as the regular firemen, but the board of aldermen may increase it. Last night several councilmen favored making it \$75 a month.

GENERAL BAPTIST ASSOCIATION  
—RICHMOND, KENTUCKY.

On account of the General Association of Kentucky Baptists the Southern Railway will sell excursion tickets from stations on its line in Kentucky to Richmond on June 24 and 25, with final return limit of July 5, 1905, at rate of one fare plus 25 cents for the round trip. The Southern Railway has two trains daily for Richmond in connection with the L. & A. railroad from Versailles. It is expected that all of the Baptist delegation will leave Louisville at 3 p. m. June 26, reaching Richmond at 8:05 p. m. same date.

If desired this train can be taken at Fourth avenue at 3:50 p. m. This party will be joined by Baptists from Shelbyville, Lawrenceburg and at other points en route. It is expected that the party will be sufficiently large so that arrangements can be made to run coaches through from Louisville to Richmond without change. This train leaving Louisville at 3:30 p. m. is a daily train. Morning train leaves Louisville at 6:30 a. m. daily reaching Richmond at 11:15 a. m.

A number of Baptists from Owensboro and other points in the western part of the state will also join the party, leaving Louisville on the 26th. Tickets and additional information can be secured by calling on A. R. COOK, G. P. & T. A., 234 Fourth Ave., Louisville, Ky. C. H. HUNGERFORD, D. P. A., 234 Fourth Ave., Louisville, Ky. or any agent of the Southern Railway.
